Facts about the New American Cities (NAC) Program

Established in 2021, we are focused on the job quality improvement of immigrants living in the Northwest Arkansas community. The NAC program was designed to address the underutilized skills immigrants bring with them when they arrive in our community. We aim to transform our cities with their talents and skills.

ADMINISTRATOR ROLES & PROGRAM OUTCOMES

1. CREATE AN INDIVIDUALIZED CAREER PLAN WITH YOU

This plan will focus on addressing barriers to career advancements and ways to begin overcoming them.

2. PROVIDE YOU WITH RESOURCES FOR JOB READINESS

Depending on what is needed Career Navigator will request you to submit a resume, practice interviewing, complete a typing assessment, and career interest assessment before applying to jobs.

3. COORDINATE MENTORSHIP OPPORTUNITIES

Identify opportunities within the community to gain exposure into a new career through exploration or advancement.

4. JOB QUALITY IMPROVEMENT

Certain aspects of your work will improve such as mental health, greater hope for the future, welcoming work environment, increased wages, occupational title, benefits, etc.
